

HEAT TRANSFER

Our PerfectSeal Heat transfer process is designed to produce detailed imagery in vivid colors.

INTRODUCTION:

Available on nylon, microfiber, polyester, polyknit, sweatshirt, and waterproof fabrics, we can create custom heat transfers that will make your logo or artwork pop. We also offer reflective and sparkle heat-transfer - we can do it all!

PRODUCTION TIME:

Our standard production time is 7-10 days from proof approval. Turnaround time varies based on capacity and seasonality.

ORDER MINIMUMS:

Embroidery minimums are 24 pieces. Orders less than 24 pieces will incur a fee.

ORDER REQUIREMENTS:

- Requires EPS/AI file for vector art
- Need PMS colors
- To quote, we need a number of colors and quantity

HEAT TRANSFER EXAMPLES:
